1. Introductions
2. Announcement that the meeting would need to adjourn earlier, due to SPF conference call.
3. Minutes were approved from the last meeting.
4. You can still hand in the community mapping worksheet; get them to Tessa, Rob, or Lil.
5. Steering committee will be meeting on Monday's @ noon.
6. Bridget Getts is going to be the BCAAPC chair and Tessa Anderson will remain as recorder.
7. There was discussion of having a youth chair when school starts, having a youth contact at each school.
8. Guiding principles will be brought to the next meeting- they are still in the revision process. Lil will also email them out before next meeting.
9. Membership agreements will be attached to the MOU coalition members signed previously and will be given out at next meeting for signature.
10. Committees: data/evaluation committee: AJ, Rob, and Lil will be gathering data for the SPF-SIG. Karen Chilson has expressed interest in being a part of this committee, as she has conducted the YRBS for Burnett County School Districts in 2008 and will be conducting another one soon.
11. In Community Readiness Interviews we rated a 3 which is vague awareness. We are qualifying for all intervening variables; retail access, community norms, and law enforcement.
12. Discussion of being able to use 211 to get out information.
13. Brittany is on the county board and will be giving an update on our coalition. Alison is taking Brittany's place as Brittany is leaving for college.
14. Discussion of a county collaborative with Sawyer, Rusk, Barron, Washburn, and Burnett County. We have common elements and can we share information. Perhaps getting a compliance training together for the law enforcement in the 5 counties. We have checked with the trainers from La Crosse PD, but they said they are not at the stage of traveling at this time. Maybe if the 5 counties were interested, they would reconsider.
15. Surveys to assess coalition readiness were handed out.
16. Next meeting is scheduled for Monday, September 28, 2009 in room 165.
